# Admiral Lord Nelson School has a proven track record of developing our staff...

Beginning my career as a **Teaching Assistant** at ALNS provided me with **valuable skills**, I built **brilliant relationships** with staff and experienced first-hand a **classroom environment**. I quickly realised that teaching was something I wanted to pursue and my experience in school gave me the **confidence and skillset** to do so.

- R Tatton, Teacher of English

Working as a **Teaching Assistant** gave me an **insight** into the inspirational work that teachers do in the classroom and after being able to observe a range of lessons I decided that training to be a teacher was the **next step** for me. ALNS have been incredibly supportive of my journey and I believe I am a **stronger teacher** today having been a Teaching Assistant first.

- P Vowles, Teacher of Maths

Becoming a **Teaching Assistant** has been one of the best decisions I have made; it has shown me the **power of supporting our young adults** whilst they discover themselves. I became a Cover Supervisor and have discovered that I aspire to **develop my career** and become a Science teacher. I have received nothing but **support and encouragement** from my co-workers at ALNS.
