

Ensure that each of your paragraphs has a **clear topic sentence**.

**Topic sentences introduce what you will be discussing in your paragraph.**

**What will this paragraph be about?**

Example from Food Technology:

*Now I will consider how I can improve my macaroni cheese according to feedback from my tasters.*

**Was it an effective topic sentence?**

*Now I will consider how I can improve my macaroni cheese according to feedback from my tasters. Firstly, they said that it could be more crunchy. I would achieve this by adding vegetables such as peppers. Furthermore, this would make it more colourful. It scored quite well for cheesy, but this could be improved by sprinkling extra cheesy on top, or using a stronger flavoured cheese.*
