

Finding the voice IL: 2 week project.

Week 1: Find and print an interesting image from the internet. This could be an incredible picture of wildlife or a favourite scene from a film.

Glue this into your book and surround it with adjectives, verbs and adverbs to describe what is happening in the picture. This is important as this is your word bank for next week!

Week 2: Use your created word bank to write a description based on your image. The description does not have to follow the original storyline if you've used an image from a film.

Remember to include:

- **Imaginative vocabulary**
- **Paragraphs**
- **Figurative language**

- **Challenge: Can you use an ellipsis (...) and a semi-colon?**
